

"E-SESSIONS" WITH KAPUALANI

Tarot, Oracle, Intuitive and/or Energy
Work via Email

@CANDICOSMIC VIA INSTAGRAM

Aloha and Thank You for your request!

I intuit and offer guidance from a space of unconditional love, healing and integrity. I not only sense, see and "feel" energy but I interpret it; I know how to work with it; and I understand the process in a very unique way.

**Please read the disclaimer(s) below before completing order! Within 24-48 hours of order completing (orders fulfilled as received) You will receive:*

One (1) mp4 & one(1) jpg "snapshot" of your spread. File length in minutes (including additional photos) will vary depending on which option(s) are selected upon placing your order.

For these types of requests especially, I will not offer guidance on areas/topics such as: legal, medical/health, "serious" life/death decision-type-making situations, gambling/lottery, financial investments, etc

I also will not honor requests that may infringe upon another person's free will whatsoever. (i.e.-"How can I make this person love me?") Instead, consider reshaping your question to reflect a more affirmative answer such as, "What are the blockages (if any) between myself and this person, creating this conflict?"

"Intuitive" readings are not the same as tarot readings; though I utilize my intuition in interpreting the cards and intuiting the message(s) accordingly. When using intuition during a tarot reading (as opposed to simply doing a basic "textbook analysis"), I'm able to sense, see and intuit information not present to the spread but relevant to your question.

I'm sharing this "disclaimer" so that you understand, I don't search for answers in a book. When utilizing external forms of divination, such as tarot, I work with my extensive experience, intellectual/studied knowledge of the cards and my intuition most of all as I divinate the spread/reading.

NOW on to the FUN!...

Upon *sending in your question and completing payment* via PayPal (www.PayPal.me/Kapua) or Venmo (@Kapua [Proctor]), **PLEASE MAKE SURE TO ADD YOUR QUESTION & EMAIL TO THE NOTES SECTION** (for your reading mp3 & photo(s) of spread) otherwise I will not be able to deliver your divination.

If you haven't already done so, take a moment to meditate on your question. Try to avoid yes/no questions (they're "ok" but don't leave much room for elaboration nor are the answers always "clearly/directly" "yes" or "no" in many cases due to free will, etc) or questions related to timing/timelines if possible.

I am very accurate/good with timing but in a simple spread timelines and timing becomes very tricky and is best suited for more in-depth work depending on the variables involved; similar with yes/no questions.

From there, I will work on and deliver your reading within the 48-hour window. Generally, I'm able to return the reading on the same-day so long as it is sent before 6pm PST (and the number of orders does not overwhelm processing).

Thank you so much for working with me, I'm grateful to assist you. Please visit my website for more information at www.kapualani.com
